Laser Etching

Personalized branding on Uprights, Drape Supports, and Bases.
Height markers standard on 2pc and 3pc Uprights

Never second guess your height again. This built-in ruler will never fade off like marker or tape, and makes your set ups a breeze.

Two-Piece Slip Collar Uprights feature numerical heights, giving you the ability to know your height exactly.

On **Three-Piece Slip Collar Uprights**, longer lines indicate feet, while shorter lines indicate half-foot marks.
